FreeNet

Tutto lo spazio alla libertà

Give space to freedom
L'espace complet de la liberté

This armchair is designed for people whose daily commitments are carried out energetically and with vitality, who create their own space. Its single skin mesh backrest with plastic-polymer frame can be adjusted intuitively to follow your body's natural movements throughout the day. FreeNet is elegantly understated and high-tech, finding the perfect setting in a contemporary office or even in your home. Its wide seat, lumbar support, adjustable polyurethane armrests and gas strut regulating its height are highly technical mechanisms, yet simple to operate, making your chair truly comfortable and dynamic, suitable for any physique.

Un fauteuil pensé pour ceux qui vivent leurs engagements quotidiens avec dynamisme et énergie, à la recherche de leur espace. Dossier avec support simple, bâti en polymère plastique et réglages intuitifs pour s'adapter au mouvement naturel du corps au cours de la journée. FreeNet possède un look high tech, sobre et élégant qui s'insère parfaitement dans l'ameublement de tout bureau contemporain, et même à la maison. Une grande assise, un support lombaire, des accoudoirs en polyuréthane réglables et réglage en hauteur par piston à gaz: des mécanismes hautement technologiques mais faciles à utiliser, pour rendre le siège véritablement confortable et dynamique, à même de s'adapter à toutes les corpulences.

Una poltrona pensata per chi vive il proprio impegno quotidiano con dinamismo ed energia, alla ricerca del proprio spazio. Schienale in rete singola con telaio di polimero plastico e regolazioni intuitive per assecondare il naturale movimento del corpo durante le ore della giornata. FreeNet denota un look high tech, sobrio ed elegante che si inserisce perfettamente nell'arredamento di ogni ufficio contemporaneo, persino in casa. Un ampio sedile, supporto lombare, braccioli in poliuretano regolabili e regolazione in altezza tramite pistone a gas: meccanismi ad alto contenuto tecnologico ma semplici da utilizzare, per rendere la seduta veramente confortevole e dinamica, capace di adattarsi a qualsiasi corporatura.

Caratteristiche tecniche

Technical features
Caractéristiques techniques

Alto standard ergonomico – la forma dello schienale della sedia corrisponde idealmente al modo di sedersi dell'utilizzatore, assicurando il giusto supporto alla parte più sensibile della spina dorsale

The highest ergonomic standards – the shape of the chair's back ideally corresponds to the user's shape, giving support to the most sensitive spinal areas

Grand standard ergonomique - La forme du dossier du siège s'adapte idéalement à la façon de s'asseoir de l'utilisateur, assurant un support correct à la zone la plus sensible de la colonne vertébrale

Finiture basi

Bases finishes
Bases de finition

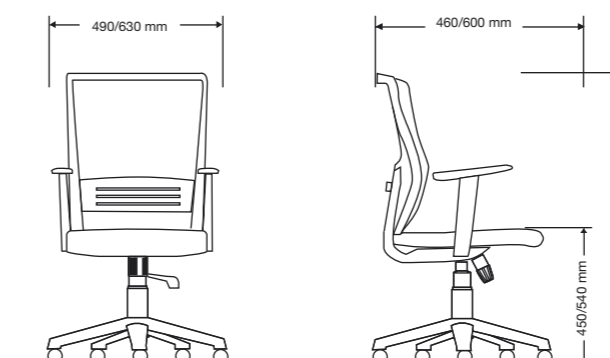

Le basi possono essere in pressofusione di alluminio lucidato o in materiale plastico

The base comes in shiny pressure-cast aluminium or plastic
Les piétements peuvent être réalisés en moulage aluminium sous pression poli ou en matière plastique
