

SLIM Task

by PIETRO LOVATO

Slim è una famiglia di prodotti numerosa e versatile. Il modello Task è progettato per l'ufficio e consiste in una sedia dalle linee essenziali. La sua scocca in tecnopolimero e la struttura in metallo ne fanno una scelta minimal, ma tecnologica.

Slim is a family of numerous versatile products. The Task variant is a linear chair designed for the contemporary office. Its engineering polymer shell and the metal structure make it a minimal, yet technological choice.

Girevole. Tappezzata o no.
Con o senza braccioli. Anche versione sgabello.

*Swivel, ral finish or upholstered shell.
With or without armrest. Stoll version available.*
